

Why work with Business With Impact?

Know you need your business to be better for the planet, but not sure how to **make it happen profitably**? Whether you want your business to become more sustainable for strategic or ethical reasons, we can help you do it in a way that **supports business growth**.

"Finally, someone that sees sustainability as a business agenda and something that you can and should make money on."

Sanne Laumann,
Chief Operating Officer,
Airmaster A/S

Meet Jasper Steinhausen, Founder and CEO of Business With Impact

As one of the longest-running sustainable business and circular economy consultants in the Nordics, **I've worked with over 100 companies** and **given presentations to well over 10,000 people**.

Notable achievements

- Advisor to the **Danish government** for two years in the **Green Transition Fund**
- Advisor to **Orsted** on **sustainability strategy** and **Grundfos** on **climate vision** and **circular business**
- Lecturer for **Steen Hildebrand's Mini MBA** in **Sustainability Management** on the subject of **Circular Economy**

Making Sustainability Profitable

Jasper Steinhausen

Services and Programs

Sustainable Discovery Workshop

Book a one off 90-minute 1:1 session that will enable you to quickly evaluate the potential for profitable sustainability strategies within your organisation.

The Positive Business Accelerator

Join a group of likeminded peers for high impact sessions that will see you completely reinvent your approach to sustainability, turning it from a cost centre to a profit booster.

Impact Leader Coaching

Work 1:1 with Jasper as your sustainability mentor and coach, providing completely tailored sessions devoted to making your company both greener and more profitable.

Speaking & Press

Book Jasper to deliver a keynote at your event, address your group, facilitate at your conference, or request his participation for an article or other media appearance.

Bespoke Solutions

Need something as unique as you are? Book a call with one of our consultants and we'll create something that is tailor-made to your requirements.
